

List of degrees (training programmes) with WFME Label

(Last updated: 17/06/2024)

NOTES:

WFME graduates of a degree that has been awarded this label WITH or WITHOUT prescriptions will be those students who graduate FROM ONE YEAR BEFORE the date of submission of the application for degree evaluation. For example, if a degree applied for the WFME label on 20 February 2015 (according to the application form) and obtained the label WITH or WITHOUT prescriptions, WFME graduates would be those students who had graduated on or after 20 February 2014.

(*) In renewal process.

The degrees in renewal process have the label until the evaluation is finished. At that time, if the result is positive, the validity period of the label will be extended.

The following programmes have been evaluated by ANECA and have been awarded with the WFME Medicine Label:
